**Chemical Name:** Rubbing Alcohol

**Manufacturer:** Family Dollar

**Container size:** 12oz.

**Location:** SOC

**Disposal:** Place empty container in trash. Give partial or full container to safety officer.
Material Safety Data Sheet

SECTION 1: Chemical Product and Company Identification
Manufacturer: Vi-Jon, Inc.  Date: January 2008
One Swan Drive
Smyrna, TN 37167

Product: Isopropyl Alcohol (IPA)  50%, 70%, 91% and 99% IPA
Telephone: (615) 459-8900
24hr Emergency: (615) 459-8900 ext. 5270

SECTION 2: Composition/Information on Ingredients
Name: Isopropanol,  CAS#: 67-63-0
Deionized Water  CAS#  7732-18-5

SECTION 3: Hazards Identification
Colorless, volatile liquid with the odor of rubbing alcohol. Isopropyl Alcohol is a dangerous fire risk. Prolonged exposure to elevated concentrations of vapors may result in irritation of the eyes, nose, and throat and central nervous system (CNS) depression. Prolonged dermal exposure can result in dry, cracking skin.

Potential Routes of Exposure: Ingestion, inhalation, dermal contact, eye contact

Target Organs: Eyes, skin, respiratory system

Symptoms of Overexposure:
Inhalation: Mild irritation of eyes, nose and throat.
Ingestion: Drowsiness, headache
Dermal Contact: Dry, cracking skin
Acute Effects: Irritation of skin and/or upper respiratory tract as noted above. Acute CNS depression may be manifested as giddiness, headache, dizziness and/or nausea.
Chronic Effects: Chronic exposure can result in skin irritation and contact dermatitis Pre-existing disorders of the skin, eyes, and respiratory tract may be exacerbated by exposure to isopropyl alcohol.

HMIS: H=1, F=3, R=0  See Section 8 for PPE information

SECTION 4: First Aid Measures
Eye: Flush eyes with copious amount of water for at least 15 minutes
Skin: Flush with water. If irritation persists, seek medical attention.
Ingestion: Do not induce vomiting if victim is unconscious or drowsy. Seek medical attention or contact the poison control center.
Inhalation: Remove victim to fresh air and provided oxygen if breathing is difficult. Seek Medical attention if breathing continues to be difficult.
SECTION 5: Fire Fighting Measures
Extinguishing Media: Use water fog, alcohol foam, dry chemical or CO2
Unusual Fire or Explosion Hazards: Containers exposed to intense heat from fires should be cooled with large amounts of water to prevent buildup of internal pressure due to vapor generation which could result in container rupture.
Recommendations: Clear area of unprotected personnel. Wear complete turnout gear. Cool containers exposed to fire with water.

SECTION 6: Accidental Release Measures
Large Spills: Eliminate all ignition sources. Equipment must be grounded to prevent sparking. Evacuate the area of unprotected personnel. Contain source of spill. Dike or otherwise confine spilled product. Uncontrolled releases to air, land, or water may be reportable to the National Response Center (1-800-424-8802).
Small Spills: Take up with absorbent material and place in non-leaking container; seal tightly. Dispose of absorbent (see section 13)

SECTION 7: Handling and Storage
Storage Requirements: Store in tightly closed containers in a cool, dry area away from heat and other possible ignition sources.
Handling precautions: Use non-sparking tools to open containers. Maintain appropriate class of fire extinguishers nearby in case of fire.

SECTION 8: Exposure Controls / Personal Protection
OSHA PEL=400ppm* OSHA STEL=500ppm* IDLH= 2,000ppm*
* 100% Isopropyl Alcohol
Recommended Engineering Controls: Use explosion-proof ventilation equipment as necessary to maintain airborne concentrations below the PEL. Ground all containers to prevent static sparks during fluid transfers.
Recommended Admin Controls: Train employees on the hazards of Isopropyl Alcohol
PPE: Goggles, gloves, NIOSH approved respiratory protection required when above PEL/TWA
Recommended Hygiene Practices: Clean PPE and work clothing contaminated prior to reuse. After working with this product, be sure to wash before eating, smoking, drinking, or applying cosmetics.

SECTION 9: Physical and Chemical Properties
Appearance: Colorless Liquid UEL: 12.7%  LEL: 2%
Odor: Mild Rubbing Alcohol Odor Threshold: 43ppm Water solubility: Miscible

Isopropyl Alcohol MSDS Page 2 of 3
SECTION 10: Stability and Reactivity

Stability: Stable
Polymerization: Will not occur
Incompatible Chem: Strong oxidizers, acetaldehyde, chlorine, ethylene oxide, acids, isocyanates
Conditions to avoid: Heat, sparks, and open flame. Do not store in aluminum > 120°F
Hazardous Products: CO and unidentified organic compounds may be formed of Decomposition

SECTION 11: Toxicological Information

LD₅₀: 5,840 mg/kg (acute oral - rat); 13,000 mg/kg (acute dermal - rabbit)
LD₅₀: 16,000 ppm/8hr (inhalation - rat) Mutagenicity: Not Indicated
LD₁₀ : 5,000 mg/kg (oral - rabbit) Reproductive Effects: Not Indicated
Carcinogenicity: Not identified as a carcinogen by OSHO, IARC, or NTP

SECTION 12: Ecological Information

Ecotoxicity: N/A Environmental Fate: N/A
Soil Absorption/Mobility: Highly Mobile
Environmental Degradation: Should be removed readily from soils and water by volatilization and biodegradation.

SECTION 13: Disposal Considerations

Disposal: Contact your supplier or a licensed contractor for detailed recommendations.
Disposal regulatory Requirements: Follow applicable Federal, state, and local regulations. Consider fuels blending as an alternative to incineration.

SECTION 14: Transport Information

DOT Shipping Name: Consumer Commodity ORM-D
DOT Shipping Name (if Quantities larger than Consumer Commodity limits): Isopropanol
DOT Packing Group: II DOT Hazard Class: 3 DOT Label: Flammable Liquid
UN ID#: UN 1219
Other Regulated Materials –Domestic (ORM-D) – Not DOT regulated (49 CFR 173.144); Quantities not greater than 1 liter or 0.3 gallons and PGII may be shipped as ORM-D (49 CFR 173.150) as a consumer commodity (49 CFR 171.8).

SECTION 15: Regulatory Information

RCRA Hazardous Waste Number/ Classification:D001
CERCLA Substance: N/A
HAZARDOUS AIR POLLUTANT (CAA): No
SARA 311/312 Codes: N/A
SARA Toxic Chemical: Yes, (Strong manufacturing only)
CERCLA Reportable Quantity: 10,000 lbs (Default)
TSCA: The ingredients of this product are on the TSCA inventory.

SECTION 16: Other Information

Prepared by: Vi-Jon, Inc.
