

EVLA Transition Software - Flagger

MIB Alerts to Modcomp Flags Conversion

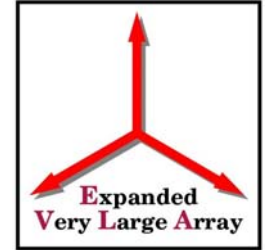

Functions

-
- Poll MIBs for current status
 - Collect MIB Alerts
 - Generate Flags For EVLA antennas
 - Send Flag Information to Modcomp Periodically

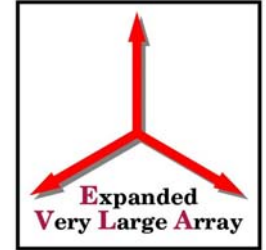

Flags

Pos	Mon_Point	Device	Mod
2	FocPosError RotPosError	FRM	ACU
3	AZPosError ELPosError	ACU	ACU
4	M_Lock C_Lock	L302	L302_1/L302_2
10	M_Lock	L301	L301_1/L301_2

IF issues

-
1. IF information is derived from MIB alert package.
 2. L302-1 affects AC, L302_2 affects BD
 3. L301-1/2 affects all Ifs
