EVLA Monitor & Control Transition System Software
Critical Design Review
December 5 - 6, 2006
Socorro, NM

Software Requirements Documents

1. EVLA Project Book, Chapter 13
    http://www.aoc.nrao.edu/evla/pbook.shtml

2. EVLA Real-Time Science Software Requirements, Bryan Butler, 11/22/2004
    Timescales A (transition phase) and B (prototype correlator)
    Document # 38 on the VLA Expansion Project Computing Working Documents
    web page:
    http://www.aoc.nrao.edu/evla/techdocs/computer/workdocs/index.shtml

3. EVLA Array Operations Software Requirements, R. Moeser, P. Perley, 6/26/2003
    Timescales A (transition phase) and B (prototype correlator)
    Document # 27 on the VLA Expansion Project Computing Working Documents
    web page:
    http://www.aoc.nrao.edu/evla/techdocs/computer/workdocs/index.shtml

4. EVLA Engineering Software Requirements, Steven Durand, 8/30/2003
    Timescales Z (test antenna), A (transition phase), and B (prototype correlator)
    Document # 29 on the VLA Expansion Project Computing Working Documents
    web page:
    http://www.aoc.nrao.edu/evla/techdocs/computer/workdocs/index.shtml

Please note that for documents 2 through 4 only the requirements for the referenced timescales apply to the Transition System.
